Waterproofer Installation/m <sup>2</sup> (2 coats wall,floor, curb)			
Total			

### wedi Shower System Installation

Item	Description	Cost/ Unit	Quantity	Total
010729410	wedi Building Panel 2500x1200x10 mm			
073735506	wedi Fundo Primo Shower Base 900 x 900 mm			
US1000040	wedi Fundo Primo and Ligno Drain Kit			
US1000009	wedi Fundo Stainless Steel Cover / Frame			
US5000010	wedi Joint Sealant Sausage 600 ml			
US5000070	wedi Fastener Kit			
	1/2 of 20KG Bag of Thinset Tile Adhesive			
	Work Hours Billed			
Total				

### Added Value of wedi's Modular & Customisable Shower Systems

- Total Installation time 3 hrs to ready for tile vs. 5 days of installation and drying times
- 1 Trade installs vs Plumber, Tiler, Waterproofer
- Less Preparation and Clean up time needed
- Confines all installation/cutting/mixing work to immediate shower area
- One trip to project site - multiple trips not needed
- Naturally water and mould proof throughout the entire core thickness of wedi material
- Lightweight handling, easy and clean cutting with Stanley knife on site of installation
- Strong backing performance in 10 mm on walls -yet flexibility sufficient to protect from tile cracking
- Perfect and even bond surfaces and slopes for perfect and fast tile & stone installation
- wedi Product Systems are insulating and take the cold out of tiled showers (floors)
- No limitations concerning larger format tile or stone choice
- Modular system installation process allows successful waterproofing and visual inspection prior to tiling
- No risk of cracks and/or pinholes as with liquid waterproofing membranes
- No risk of delamination/bond failures as with liquid waterproofing membranes
- No heavy exposure to silica dust as with fibre cement boards
- 10 year Warranty - from one manufacturer
